Civil No. 01-0764

(Judge William W. Caldwell)

**UNSWORN DECLARATION OF
LESA GARVEY MEDICAL RECORDS SUPERVISOR**

I, Lesa Garvey, pursuant to 28 U.S.C. §1746, hereby declare the following statements are true and correct, based upon my personal knowledge, information, and belief as the Medical Records Supervisor at the State Correctional Institution at Rockview:

1. I am employed by the Pennsylvania Department of Corrections ("Department").
2. As the Medical Records Supervisor I am responsible for the planning, organizing, and directing the daily operation of the Medical Record Department. I assure that the medical reports and documented entries are in accordance with prudent documentation practices; review

medical reports for completeness and accuracy; and assist in the preparation of medical records being transferred to other facilities and/or processing of medical records on inmates being received into the facility.

3. Plaintiff William Clark ("AY-5585") is currently incarcerated at SCI-Rockview.
4. Clark has been under the care, custody, and control of the Department of Corrections numerous times dating back to November 1984.
5. Department Policy requires that an inmate's medical records contain information and documents generated from medical personnel, and must include medical records generated at previous state correctional institutions where the inmate was formerly incarcerated.
6. The records that I maintain at SCI-Rockview for Plaintiff Clark contain his medical records dating back to his first incarceration in 1984 at SCI-Graterford.
7. I certify to the best of my knowledge, information, and belief that the attached copies (Exhibit A), produced from the Department's medical file for Plaintiff Clark were:
 - a. made at or near the time of the occurrence of the matters set forth by a person with knowledge of those matters; and

- b. kept in the course of the regularly conducted activities of the Department in providing health care to Plaintiff Clark; and
- c. maintained by regularly conducted activities of the Department involving Plaintiff Clark's health care.

Date: June 27, 2002
